## Measurement Instructions

Measure each child's height (with shoes on) from the top of their head to floor.

Next to the child's name, record their height in inches and enter into the appropriate column.

After all of the children are measured, total your quantity by gown size. Total gown sets should equal the number of students graduating. Transfer TOTAL GOWNS by size to the appropriate section on the order form. DO NOT include Graduation Gown Worksheet with your order.

If you are ordering 3-6 months early to take advantage of one of our special promotions, add 1" to child's present height.

Our one-size-fits-all expandable cap fits all pre-school and kindergarten head sizes. There is no need to measure child's head.

X-Large Gowns fit children who are between 4'6"-4'9" tall and/or 100-115 lbs.

## Graduation Gown Worksheet
